Course Learning Outcomes:

By the end of this course, students will be able to:

1. Identify and classify Arabic words, including definite and indefinite nouns.
2. Recognize and differentiate between sun letters and moon letters.
3. Understand and apply the concepts of masculine and feminine gender in Arabic.
4. Comprehend and use declension and apparent declension in sentence construction.
5. Formulate and utilize singular, dual, and plural forms of Arabic nouns.
6. Construct basic Arabic sentences using appropriate syntax and grammar.
7. Use prepositions and understand the genitive case in context.
8. Employ demonstrative and personal pronouns accurately.
9. Create descriptive and genitive phrases effectively.
10. Develop basic conversational skills through speaking and listening exercises.
11. Improve Arabic handwriting for clear and accurate written communication.

Assessment:

The course will employ a combination of written and verbal assessments to evaluate students' comprehension and practical application of the language skills taught.

Course Resources:

All necessary course materials will be provided to students.
